VOLUME XXVI. NUMBER 17.
 IRONTON, : : OCTOBER 27, 1892.

FOR PRESIDENT:
GROVER CLEVELAND,
 OF NEW YORK.

FOR VICE-PRESIDENT:
ADLAI E. STEVENSON,
 OF ILLINOIS.

GROVER, we are coming!
 BUT two weeks until the old Republican party has its Waterloo.

DEMOCRATS, be sure and vote, and see that all your neighbors vote, too.

It was Columbus Day October 21st. It will be Cleveland day November 8th.

DEMOCRATS get the voters out. Let's bury them under as big a majority as possible.

THE Republicans are relying on the power of hoodle to elect their candidate for President; Democracy is relying on principle. The prospect is that principle will triumph.

WHEN you go to the polls on election day, cast a straight Democratic ticket from President down. Get into the band wagon and help swell the majority at the same time.

MRS. HARRISON, wife of the President, died in Washington Tuesday morning at 1:40 o'clock. The afflicted family have the nation's sympathy in the hour of their bereavement.

READER, are you in favor of the McKinley bill, the force bill, the billion dollar congress and all the other evils attendant on Republican supremacy? Ponder well before you cast your vote.

It is the same old fight again. The Republicans are spending money lavishly and willing to resort to anything to win. The indications now are, though, that honesty and Democracy will triumph over the iniquitous enemy.

THE Missouri Democrat who remembers the days of Republican rule in this State has no desire to return to the outrages and infamous practices that then were followed by the g. o. p. Under Democratic rule we have become one of the most prosperous states in the Union, and we prefer not to go back to the days when Fletcher, Rodman, et al. had full sway.

Do the Republican orators believe that any man of average intelligence, takes any stock in their statements about people from the east are waiting to see this State go Republican before they flock here by the thousands? We want no such emigrants. Missouri under Democratic rule has as good government as any State in the Union; our people are law-abiding, hospitable and honest, and these statements of the Republicans are insults outright, as well as the merest bosh and nonsense.

Labor and Capital.

Labor represents a basis for the distribution of wealth—equal rights to all—which is democratic government. Capital, as it is practically applied to-day, represents concentrated wealth or autocratic and plutocratic government, always tending towards monarchy.

Labor creates wealth, is the natural owner, and should control it. Capital, as separately spoken of, appropriates it without any exertion or liability, and only exists through class legislation.

Labor is the side of Christianity. By the sweat of thy face thou shalt eat bread.

Capital takes the side of oppression, because it makes the individual conceited, frequently heartless; both contrary to the spirit of religion.

Labor is necessary to health, usefulness, happiness and Christianity. Capital, to idleness, enervation, discontent and misery.

Labor makes capital, but capital retrenches labor by taking part of its products. The world has been educated against labor and has driven it constantly into new territory, but now there is no escape, and it must turn upon capital with a demand for justice, and, when not granted, decay of government or revolution must follow.

Labor has all the inherited rights, and capital all the legislative rights. Therefore labor is weak in government, while capital is strong, and civilized government should protect the weak against the strong.

To take the side of labor is to throw equal rights in government around the future welfare of your children, to take the side of capital is for immediate gain, personal aggrandizement and plutocratic government in which part of man's own family may become slaves for the others.

Full opportunities to labor develops for use the full capacities of all beings. The power of capital closes opportunities and destruction through human laws instead of God's (natural) laws.

To favor labor is to look to the future; to favor capital is to look to the present.

The man that fights for the natural opportunities of life, having frequently a dependent family behind him, de-

serves more consideration than the man with immense incomes trying to oppress him.

Property was made for man, not man for property.

Labor opposes capital only in oppression.

Capital opposes labor because they trust conceit and special opportunities to be wisdom.

Give the banker the same opportunities as the beggar and he would look for mercy in the world instead of oppression, and would learn truth from necessity instead of guild from favoritism.

Man, the creature of God, or the dollar, the creature of man, must rule the earth. Which side do you take? You cannot worship God and mammon.—*Cor. Southern Mercury.*

"There is no use of any one suffering with the cholera when Chamberlain's Colic, Cholera and Diarrhoea Remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know it."—W. H. Clinton, Helmetta, N. J. The epidemic at Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This Remedy was used there with great success. For sale by P. R. Crisp, druggist.

Abraham Lincoln

When leaving his home at Springfield, Ill., to be inaugurated President of the United States, made a farewell address to his old friends and neighbors, in which he said, "NEIGHBORS, GIVE YOUR BOYS A CHANCE."

These words come with as much force to-day as they did thirty years ago. How give them this chance? Up in the Northwest is a great empire waiting for young and sturdy fellows to come and develop it and "grow up with the country." All over this broad land are the fellows, the boys that Lincoln referred to, seeking to better their condition and get on in life. Here is their chance!

The country referred to lies along the Northern Pacific R. R. Here you can find pretty much anything you want. In Minnesota, and in the Red River Valley of North Dakota, the finest of prairie lands fitted for wheat and grain, or as well for diversified farming. In Western North Dakota, and Montana, are stock ranges limitless in extent, clothed with the most nutritious of grasses.

If a fruit farming region is wanted there is the whole State of Washington to select from.

As for scenic delights the Northern Pacific Railroad passes through a country unparalleled. In crossing the Rocky, Bitter Root, and Cascade Mountains, the greatest mountain scenery to be seen in the United States from car windows is found. The wonderful bad lands, wonderful in graceful form, and glowing color, are a poem. Lakes Pend d'Oreille and Coeur d'Alene, are alone worthy of a transcontinental trip, while they are the fisherman's Ultima Thule. The ride along Clark's Fork of the Columbia River is a daylight dream. To cap the climax this is the only way to reach the far-famed Yellowstone Park.

To reach and see all this the Northern Pacific Railroad furnish trains and service of unsurpassed excellence. The most approved and comfortable Pullman Sleeping cars; the best Dining cars that can be made; Pullman Tourist cars good for both first and second class passengers; easy riding Day coaches, loaded with baggage, express, and postal cars all drawn by powerful Baldwin Locomotives, make a train fit for royalty itself.

Those seeking for new homes should take this train and go and spy out the land. To be prepared, write to CHAS. S. FEE, G. P. & T. A., St. Paul, Minn.

Specimens Cases.

S. H. Clifford, New Cassell, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength.

Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Spunker, Catawba, O., had five large Fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by P. R. Crisp's Drug Store.

Personal.

Mrs. Wm. Hall of Arcadia has removed to St. Louis.

Miss Ollie Davis visited in St. Louis last week.

After spending several days in St. Louis, Fred Kiddle left yesterday for Chicago where he expects to make his home for the future.

Mrs. F. P. Marion of Caledonia was the guest of Mrs. A. Moore several days the past week.

The following attorneys are in attendance on court this week: Hon. M. L. Clardy, Farmington; Sen. C. D. Yancey, J. H. Raney and J. C. Cart, Piedmont; W. L. Beyersdorff, Centreville; Judge Dinning, Potosi, and others.

Mrs. Mann Ringo of Williamsville is the guest of Ironton relatives.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by P. R. Crisp, druggist.

A reported outbreak of cholera at Helmetta, N. J. created much excitement in that vicinity. Investigation showed that the disease was not cholera but a violent dysentery which is almost as severe and dangerous as cholera. Mr. Walter Willard, a prominent merchant of Jamesburg, two miles from Helmetta, says Chamberlain's Colic, Cholera and Diarrhoea Remedy has given great satisfaction in the most severe cases of dysentery. It is certainly one of the best things ever made. For sale by P. R. Crisp, druggist.
